

COMMIT TO QUIT:

PLEDGE TO BE CELL FREE WHEN DRIVING

- Distractions are the leading cause of motor vehicle accidents;
- Cell phones have become the number one distraction;
- I recognize the example I am setting for others when I choose to multi-task behind the wheel, either by making/taking phone calls, texting and/or checking email;
- I understand this decision puts me in danger and others on the road around me as well;
- I agree there is no phone call, text or email message that is so important it cannot wait until I arrive at my destination or can pull off the road to safely decide.

I am/our family is committing to quit! I/we pledge I/we will not use a cell phone while driving and will ask others I/we ride with to do the same.
